Bitte beachten Sie folgende Hinweise:

Prüfen Sie bitte auch die genaue Gerätebezeichnung Ihres Smartphone-Herstellers.

z.B. Sony F3111 = Sony Xperia XA

Bei den „inoffiziell unterstützten Geräten“ gibt es seitens des Herstellers der SecureApp keinen offiziellen Support. Somit ist nicht gewährleistet, dass die SecureApp auf diesen Geräten funktionsfähig ist. Sie können dies prüfen, indem Sie sich von Ihrer Sparda-Bank einen Aktivierungscode erstellen lassen und eine Transaktion, z.B. eine Überweisung oder Umbuchung, mit der SecureApp bestätigen.

Die SecureApp prüft beim Start einer Transaktion das Gerät auf Sicherheitslücken. Sollten diese erkannt werden, wird das Gerät für die Nutzung der SecureApp gesperrt.

Bei einem gerooteten Gerät oder einem Gerät, auf dem Apps installiert sind, die Sicherheitslücken bergen könnten, kann dies ebenfalls Auswirkungen auf die Funktionsfähigkeit der SecureApp haben.
